

## Online Tutoring- Student Information

During SPRING 2016, Cuyamaca College will provide all registered students with the opportunity to access online tutoring through NetTutor. Online tutoring will be available in a wide variety of subjects, 24/7, to supplement on-campus tutoring that the STEM Achievement Center and Academic Resource Center already provides.

### Student Access to free Online Tutoring

1. Log into <https://gcccd.blackboard.com>
2. Then select the course from the “My courses” section on the right side of the left.
3. On the courses page, select the “Tools” option on the left side menu.
4. Now click on the NetTutor link provided on the following page.

### For more information, click on the following links:

[How to Access NetTutor Video](#): Describes how easy it is to access NetTutor and some of the new features NetTutor has to offer.

[NetTutor Best Practices](#): Describes some issues students may come across when using NetTutor and how to resolve them.

[NetTutor Modes](#): Details the different ways to receive tutoring including Ask a NetTutor, Q &A Center and the Paper Center.

[NetTutor for Math](#): Details how to use the many tools in NetTutor including the Math specific tools.

[Using the NetTutor Paper Center](#): Details how to submit a paper into the NetTutor Paper Center.
