Constant monitoring of filtration device and communication with facility. Maintenance department.

---

**Q10** **Support College Mission/Strategic Plan,**  
**Health/Safety/Security Issues,**  
Justification of Request:Please select the applicable **Growth of department/work area,**  
criteria below and provide the details how the criteria relate **Demonstrate need for continuous quality improvement**  
to your request. **of department/work area**  
,  
Provided details::  
The water fountains do not always work properly. We are currently providing students water from a 5 gallon water dispenser, but it runs our really quick. The majority of our students are here from 6:00pm to 10:15pm. Nothing on campus is open. This will at least allow students to have access to water nearby. Students have been asking for a water bottle refill station for a while now.
