,  
Provided details::  
It is very difficult for people to get to the automotive laboratory area. There is no signage to OH, AUTO, CWS, or the warehouse. The signage that says automotive on the no name road are very old, hidden, wooden, home-made, and are breaking apart. With all of the new buildings, there should also be updated signage around the college. There should at least be some signage and arrows about student parking, maintenance, OH, AUTO, CWS, and other clear instruction.
