Total Cost of Ownership:check all that apply

**Replacement (Life Cycle),
Operations Cost,
Maintenance Cost**

Q9

Please explain your plan to maintain this request:

Regular contact with facility and maintenance department.

Q10

Justification of Request:Please select the applicable criteria below and provide the details how the criteria relate to your request.

**Health/Safety/Security Issues,
Growth of department/work area,
Demonstrate need for continuous quality improvement
of department/work area**

Provided details::

The sink in the K building laboratory area should be replaced with a tub style sink. The current hand washing station allows for debris and waste material to better collected reducing run off. The current wash station is dated and has much higher water flow rate which results of the use of additional water resources. This upgrade would conserve water and be beneficial for the sanitary needs of students and regulations of the facility.
