8254	285	MW	2:00-3:20PM	in-person^^	YOUSSEF

*Hybrid: Class time is split into two parts. There are required meetings for one part

DRAFT

whereas the other part is done asynchronous (time you spend working on your own through given activities). This is in addition to time needed to complete regular homework assignments.

**A late start class is one that starts after the first week and is a shorter number of weeks. Most late start classes are 12 or 14 weeks. This means the same amount of material will be covered in a shorter period of time.

^HyFlex: HyFlex classes are taught on campus at scheduled days and times like a traditional class. Unlike a traditional class, HyFlex instructors use Zoom to broadcast their live class sessions. This means that students can CHOOSE whether to attend class on campus or via Zoom. Some instructors require in-person attendance for some class sessions, so check with the instructor for attendance requirements.

^^In-person: This will meet on campus, in-person during the days & times listed in the schedule.

^^^Online: This class has no official class meeting times.
