### Notes

The Respiratory Therapy (RT) program does not accept 1-semester Anatomy and Physiology (e.g. SWC BIO 190) courses designed for other specialized health programs. If you have taken the equivalent to CHEM 115, the RT department may grant a modification of major for this requirement (1 year of high school chemistry is considered equivalent). Students are encouraged to meet with a Counselor to review program prerequisites and degree requirements. Current students can schedule an appointment by visiting the Counseling "[Online Appointment System](#)". Alternatively, current students can get quick questions answered by using the "[Email a Counselor](#)" service.

Students should visit the [Respiratory Therapy Program website](#) to review FAQs regarding admission to the program.

\*\*\*Every effort has been made to ensure this information is accurate. However, the official college document is the Grossmont College Catalog for years 22-24.
